FORGE

## FORGE ACADEMY

The Forge Academy is the crucible from which cyber defenders are hardened. Composed of an ever adapting and growing number of certified courses, the Forge Academy is focused on hands-on keys, instructor-led training by authentic leaders from varied layers of cyber, IT, and data science.

From IT/Cyber Fundamentals and Cyber Training Bootcamps, to intense Red/Blue Team operations, people who complete a Forge Academy training course are armed with the most advanced tactics for countering cyber threats. Our graduates are prepared to be forever one step ahead of the adversaries threatening our way of life.

## PER SEAT TUITION

### Bootcamps

| | |
|---|---|
| IT/Cyber Fundamentals | $7,750 |

## SPONSORSHIP OPPORTUNITIES

### Career Social Event $5,000
Be the presenting sponsor of one of our recurring Career Social Events, where we invite employers & recruiters to meet recent graduates and facilitate introduction to employment opportunities.

### Raise Awareness $1,000+
Any contribution will be used to raise awareness of the Forge Academy and related programs, including bootcamps, courses and other opportunities.

## FORGE FELLOWSHIP

The Forge Fellowship is a unique opportunity for transitioning service members to gain skills that prepare them for life after the military. Efforts are focused on providing hands-on learning experiences across the divisions of Forge Institute. They also gain access to Forge Academy training, soft skill & professional development, and networking opportunities with our partners and potential employers.

## EMERGING THREAT CENTER

The Emerging Threat Center (ETC) is the country's first cross-sector Information Sharing and Analysis Center (ISAC) focused on emerging threats. We are a trusted community of professionals focused on identifying, understanding & mitigating potentially significant threats within critical infrastructure, cyber and emerging technologies. We leverage our non-profit status to facilitate private-public partnerships to reduce emerging cyber threats through enhanced, contextual information sharing and analytic collaboration.

### ANNUAL MEMBERSHIPS
Bronze, Silver, Gold & Platinum levels available.

*Sponsorships also available.*

*Ask our team for details.*

## FORGE SUMMIT

The Forge Institute is hosting its 4th Annual Cyber Summit on October 4-5, 2023.
